PUBLIC NOTICE

File Number: 2016-12-012 - Modification Date: November 17, 2020

This office has under consideration the application of:

Gashy Dowlatshahi
1150 Oaklawn Avenue
Cranston, RI 02920

for a modification to their State of Rhode Island Assent: Modification to include a fixed pier and float in its as-built location and extend it in another orientation, an additional 25-feet beyond MLW, to a total extension of 75-feet beyond MLW, requiring a 25-foot length variance.

Plans of the proposed work may be seen at the CRMC office in Wakefield.

In accordance with the Administrative Procedures Act (Chapter 42-35 of the Rhode Island General Laws) you may request a hearing on this matter.

You are advised that if you have good reason to enter protests against the proposed work it is your privilege to do so. It is expected that objectors will review the application and plans thoroughly, visit site of proposed work if necessary, to familiarize themselves with the conditions and cite what law or laws, if any, would in their opinion be violated by the work proposed.

If you desire to protest, you must attend the scheduled hearing and give sworn testimony. A notice of the time and place of such hearing will be furnished you as soon as possible after receipt of your request for hearing. If you desire to request a hearing, to receive consideration, it should be in writing (with your correct mailing address, e-mail address and valid contact number) and be received at this office on or before December 17, 2020.
1. All bolts, connectors, washers, nails etc. shall be hot dipped galvanized.

2. Contractor shall adhere to all OSHA rules and regulations throughout all phases of construction.

3. Contractor shall be aware that the strata into which the piles are to be driven may vary from the assumption that these piles will penetrate the required embedment depth into suitable material (drilling may be necessary).

4. Auger through ledge (pile dia. +4") set pile and fill annulus with RIDOT filter stone (1/2"-3/8")

5. Rock socket

6. Contractor as necessary to prevent mud from entering
