### **PUBLIC NOTICE**

File Number: 2021-04-096 Modification Date: March 29, 2024

This office has under consideration the application of:

**Salvatore Savastano**  
**6 Fairview Street**  
**Jamestown, RI 02835**

for a State of Rhode Island Assent to:

Construct and maintain an additional two jet-ski lifts with one attached to the north side and one attached to the south side of the pilings label number 15 in the plans near the terminus.

Project Location:	6 Fairview Street
City/Town:	Jamestown
Plat/Lot:	Plat 1, lot 381
Waterway:	Narragansett Bay

Plans of the proposed work can be requested at [Cstaff1@crmc.ri.gov](mailto:Cstaff1@crmc.ri.gov)

In accordance with the Administrative Procedures Act (Chapter 42-35 of the Rhode Island General Laws) you may request a hearing on this matter.

You are advised that if you have good reason to enter protests against the proposed work it is your privilege to do so. It is expected that objectors will review the application and plans thoroughly, visit site of proposed work if necessary, to familiarize themselves with the conditions and cite what law or laws, if any, would in their opinion be violated by the work proposed.

If you desire to protest, you must attend the scheduled hearing and give sworn testimony. A notice of the time and place of such hearing will be furnished you as soon as possible after receipt of your request for hearing. If you desire to request a hearing, to receive consideration, it should be in writing (**with your correct mailing address, e-mail address and valid contact number**) and be received at this office on or before **April 29, 2024**.

Please email your comments/hearing requests to: [cstaff1@crmc.ri.gov](mailto:cstaff1@crmc.ri.gov); or mail via USPS to: Coastal Resources Management Council; O S Government Center, 4807 Tower Hill Road, Wakefield, RI 02879.

 TOTAL SHADOW=510 SF

**PILE DRIVING NOTE:**

A "soft start" is required to allow animals an opportunity to leave the project vicinity before sound pressure levels increase. In addition to using a soft start at the beginning of the work day for pile driving, one must also be used at any time following cessation of pile driving for a period of 30 minutes or longer. For impact pile driving, pile driving will commence with an initial set of three strikes by the hammer at 40% energy, followed by a one minute wait period, then two subsequent 3-strike sets at 40% energy, followed by a one minute waiting periods, before initiating continuous impact driving.
