**RE: Raso Aquaculture Application
South Kingstown, RI
Project #: 2232-002**

Dear Ms. Noonan:

Per your request, I have determined the approximate areas of Segar Cove that are impacted by applying a 200' safety buffer to the shoreline, existing docks, and the proposed aquaculture areas.

The total area of Segar Cove is calculated as 53.5 acres. The areas are provided in the table below (all areas are in acres).

	Existing Conditions	Proposed Conditions	Layout B Conditions
Restricted by 200' Shoreline/Docks	36.8	36.8	36.8
Occupied by Farm	0.0	0.8	0.3
Restricted by Farm	0	4.1	3.5
<hr/> Total Restricted Area	36.8	41.7	40.6
 Towed Water Sports Permitted	16.7	11.8	12.9

If you have any further questions on this matter, please feel free to contact me at your earliest convenience.

Sincerely,
DiPrete Engineering Associates, Inc.
