**Subject:** RE: [EXTERNAL] Janikies/Coastal Coasters

Tracy,

Here is the response I got from Kevin...

The only mooring anywhere near the applicants proposed dock is Janikies . That mooring was moved slightly North and is in North Kingstown.

Would help to confirm if possible, thank you!

That is accurate except for the moorings. I believe Janikies moved their mooring to the NK side. I can either confirm with Kevin, or if it's not needed, the sentence can be removed.

Jill,

I need to update my report on Janikies:

"...Following CRMC's August 2021 re-notice of the facility relative to the mooring field variance, the Town Harbor Commission also re-heard the project and voted to place the matter on file. That motion results in no additional formal

action at this time from the Town. The Harbormaster has confirmed there are two moorings within the adjacent field, one of which is owned by the applicant”.

Does that properly convey the Town’s position in your opinion?

Hi Tracy,

Jankies was received and placed on file. I wouldn’t be surprised if the abutter files an appeal though. Coastal coasters, on the other hand.... I’ve just finished drafting a letter which will be emailed to you tomorrow for a formal objection, asking our town Council to request CRMC hold a public hearing.

I’m happy to go over it with you tomorrow if you like.

Jill

Hi Jill,

Checking in to see how these two applications fared at last week’s Harbor Commission meeting? Should we expect comments from the Town on either/both and do you have an anticipated timeframe if so?

Thanks,  
Tracy
