**Subject:** Jim Barber 7 Touisset Road Warren, RI Dock

Dear CRMC:

I understand that Jim Barber, & Touisset Road, Warren, has applied for assent to construct a dock, And that the proposed dock would encroach 14' into the 50' setback for the mooring field in front Of his property. I have a mooring (#65) and have reviewed the plans for the dock. The position and the size of the dock would not interfere with mu use of the mooring or my navigating in the mooring field.

Thank you,  
Kenneth C. Yeager

Dear CRMC,

I understand that Jim Barber of 7 Touisset Rd., Warren, has applied for assent to construct a dock, and that the proposed dock would encroach 14' into the 50' setback for the mooring field in front of his property. I have a mooring in that field (#217) and have reviewed the plans for the dock. The position and the size of the dock would not interfere with my use of the mooring or my navigating in the mooring field.

Thank you,

Karl Senn
