

**STATE OF RHODE ISLAND
COASTAL RESOURCES MANAGEMENT COUNCIL**

IN THE MATTER OF:

REVOLUTION WIND, LLC

CRMC File No.: 2021-07-005

Application to Construct and Maintain
Two 23-Mile Submarine Export Cables through
the West Passage of Narragansett Bay to the Cable
Landing Location in North Kingstown and Other Associated Facilities.

**SUPPLEMENTAL SUBMISSIONS BY REVOLUTION WIND
IN SUPPORT OF ITS APPLICATION FOR CATEGORY B ASSENT**

Applicant Revolution Wind, LLC (“Revolution Wind”) submits this list of supplemental submissions that Revolution Wind has provided to the Rhode Island Coastal Resource Management Council since filing its Application for Category B Assent on June 30, 2021. Revolution Wind reserves its right to amend this list, including to add any inadvertent omissions.

Date	Supplemental Submission
February 3, 2022	Revolution Wind - Benthic Data Review Kickoff
February 11, 2022	Emailed response to "Error in File" (provided Revolution Wind Farm Electric- and Magnetic-Field Assessment December 2020)
February 24, 2022	Emailed responses to EMF questions
March 1, 2022	Cable installation methodologies meeting with presentation (PPT sent 3/4/22)
March 4, 2022	CRMC request for comments on crab and lobster studies and reviews (Review of Four EMF Studies)

March 9, 2022	RevWind Benthic Habitat Mapping meeting (PPT provided)
March 14, 2022	UXO supplement
March 21, 2022	CVA nomination package (Confidential)
March 21, 2022	Cable installation meeting continued with presentation (ppt sent 3/25/22)
April 6, 2022	Rev Wind - EMF Discussion (PPT provided)
April 18, 2022	Onshore cable routing draft supplement
April 22, 2022	Review of studies of AC magnetic fields on crabs and lobsters
April 28, 2022	Cable Burial Feasibility Memo
May 5, 2022	Emailed responses to transmission cable routing (including Option A & B Plan sets)
June 21, 2022	Cable Burial Discussion meeting
July 11, 2022	Cable Burial Process Plan (Flowchart)
July 14, 2022	Response to Information Requests on Burial Feasibility (includes process flowchart)
July 15, 2022	Aquaculture meeting with presentation (PPT sent 7/18, revised sent 7/22)
July 20, 2022	Sediment Transport Modeling additional information sent
July 27, 2022	Oyster literature review
July 29, 2022	Cable Burial Contract Language
August 12, 2022	Additional Cable Burial contract language

October 5, 2022	Scientific value of background magnetic field measurements
October 7, 2022	Updated plans and engineering reports for OnSS and Onshore Transmission Cable
October 18, 2022	Request for Variance
October 21, 2022	Request for Special Exception or Finding Regarding Rebuttable Presumption
