

**STATE OF RHODE ISLAND
COASTAL RESOURCES MANAGEMENT COUNCIL**

IN THE MATTER OF:

REVOLUTION WIND, LLC
Application to Construct and Maintain
Two 23-Mile Submarine Export Cables through
the West Passage of Narragansett Bay to the Cable
Landing Location in North Kingstown and
Other Associated Facilities.

CRMC File No.: 2021-07-005

**SUPPLEMENTAL PREHEARING DISCLOSURE OF WITNESSES AND
SUPPLEMENTAL EVIDENCE**

Applicant Revolution Wind, LLC (“Revolution Wind”) submits this supplemental witness for the hearing scheduled to continue on November 22, 2022. Revolution Wind reserves its right to amend or supplement this filing including for rebuttal.

I. REVOLUTION WIND’S ANTICIPATED WITNESS

Revolution Wind proposes the following additional person as an anticipated fact witness. Revolution Wind reserves the right to call other persons not listed below or listed in its October 21, 2022 submission as witnesses for rebuttal or in the event that new issues are raised during the hearing.

Witness Name: Jesper Christensen
Affiliation: Orsted
Anticipated Testimony: Mr. Christensen is a Senior Commercial Project Manager for Orsted. Mr. Christensen anticipates testifying regarding Revolution Wind’s mitigation program. Relying on the testimony and documents in the record demonstrating Revolution Wind’s extensive efforts to avoid and minimize potential impacts to commercial or recreational fisheries from the Revolution Wind Export Cable in State waters (“RWEC-RI”), Mr. Christensen will testify regarding the numerous discussions and working sessions Revolution Wind has had with the Council’s Fisherman’s Advisory Board (“FAB”) regarding the reports authored by the Woods Hole Oceanographic Institution (“Woods Hole”) on baseline fisheries landings and landed values derived from the RWEC-RI route area and the potential impacts to landings and landed values from the construction, operation and maintenance, and decommissioning of the RWEC-RI. Mr. Christensen will testify that, using the Woods Hole reports as a guide, and incorporating information from the FAB, Revolution Wind has developed a fair and transparent mitigation

framework. Mr. Christensen's testimony will describe the overall compensatory mitigation proposal and its various components.

II. REVOLUTION WIND'S SUPPLEMENTAL EVIDENCE

Exhibits:

35. Resume of Jesper Christensen
