

2017-05-006

April 28, 2023

Ben,

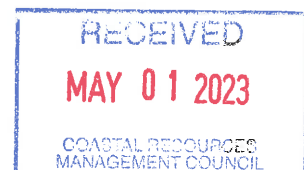

Per our conversation, enclosed please find the 54 pages of missing application materials. Collectively they were attached to my original application as exhibits 1-6 and referenced as Exhibit H in the Superior Court case.

The aerial photos are difficult to view on letter size and were originally intended for an overhead presentation to the Council. Please let me know if you have any questions.

Best,

Ed Troiano

Troiano, Edward J.

Subject: FW: Records Request for Edward Troiano

Good morning,

I received your check today. Please see the attached information that you requested.

The attaches "PDF" document contains the Quahog Dredge Survey Strata Map and dredge tow information from 1994 to 2016, for the specific areas requested. Please refer to the map for the approximate location of the "station boxes". A 100 foot tow was made in each station box as listed in the spreadsheet, with the densities by size class subsequently determined.

Thanks, Jenna

Aerial photograph showing location of quahog fleet 5/6/2015

Enlargement of 5/6/2015 Aerial photograph

The screenshot displays the Google Earth Pro application window. The title bar reads "Google Earth Pro" and the menu bar includes "File", "Edit", "View", "Tools", "Add", and "Help". The address bar shows the location "Naysatt Point, Berrington, RI". The main view area is a dark, high-resolution aerial photograph of a coastal area. A vertical timeline on the left side of the view area is set to "5/6/2015". In the bottom right corner, a scale bar is visible with a date selector set to "1995". The top of the window features a toolbar with navigation icons (compass, home, pan, fly, tilt, rotate, zoom) and a "Sign In" button. The "Google earth" logo is positioned in the bottom right corner of the application window.

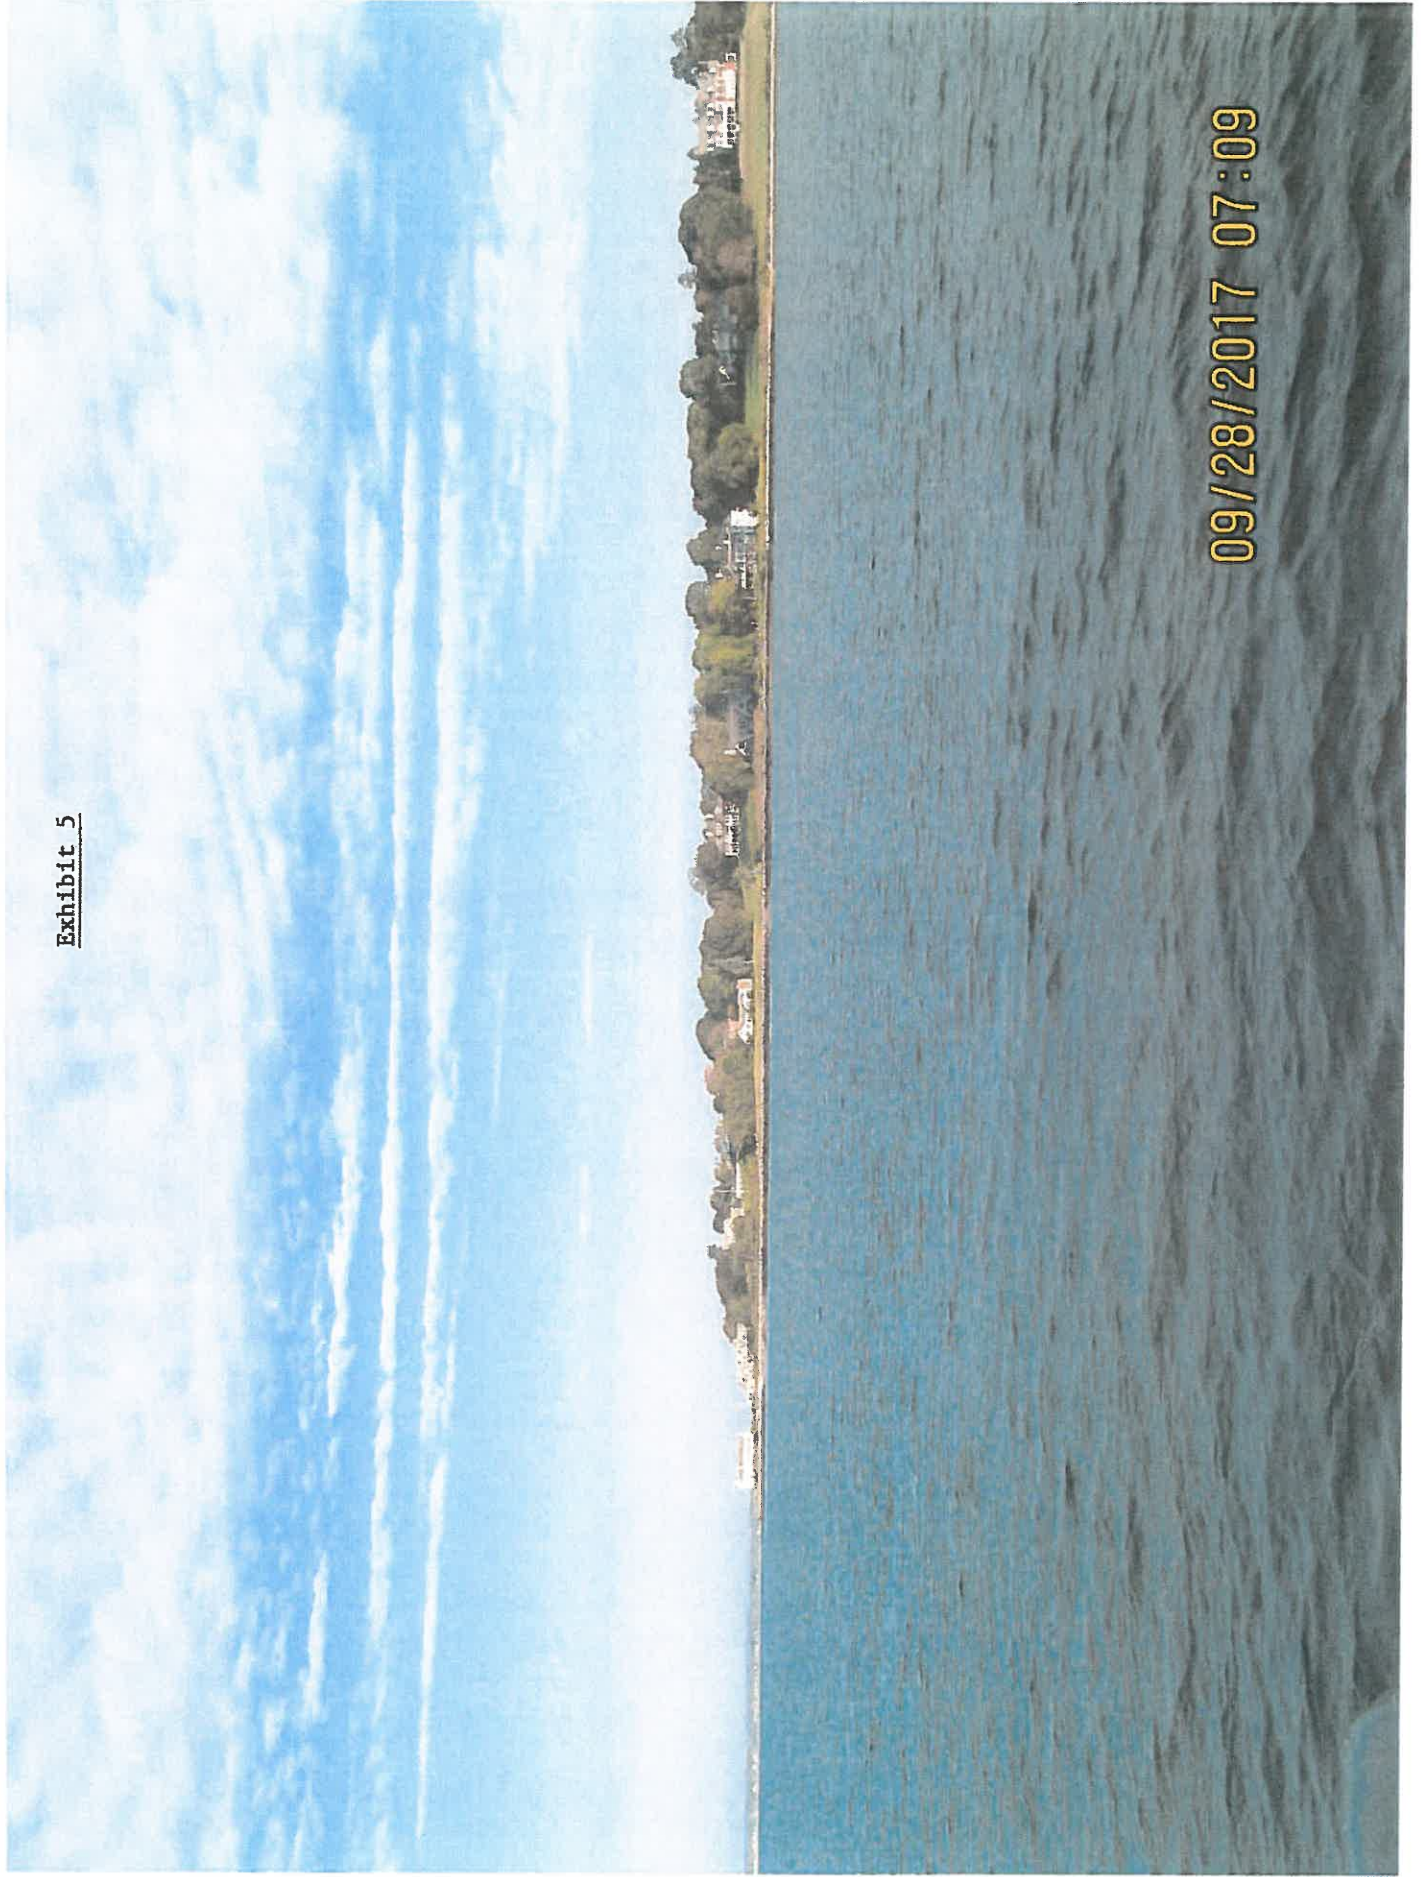

Aerial photograph showing location of quahog fleet 8/22/2016

Enlargement of 8/22/2016 Aerial photograph

The screenshot displays the Google Earth Pro application window. The title bar reads "Google Earth Pro" and the menu bar includes "File", "Edit", "View", "Tools", "Add", and "Help". The address bar shows the location "Noyatt Point, Barrington, RI". The main view area is a dark aerial photograph with a compass rose in the top-left corner. A toolbar with various icons is located below the address bar. In the bottom-left corner, there is a timeline slider showing the date "8/22/2016" and a "1995" marker. The "Google earth" logo is visible in the bottom-right corner of the application window. The system tray in the bottom-right corner shows the date and time: "Friday, August 19, 2016 11:17 AM".

Exhibit 6

*Source: "Conimicut Point benthic environments and *Mya arenaria* habitats"
Study conducted by Emily Shumchenia, Sheldon Pratt and John King

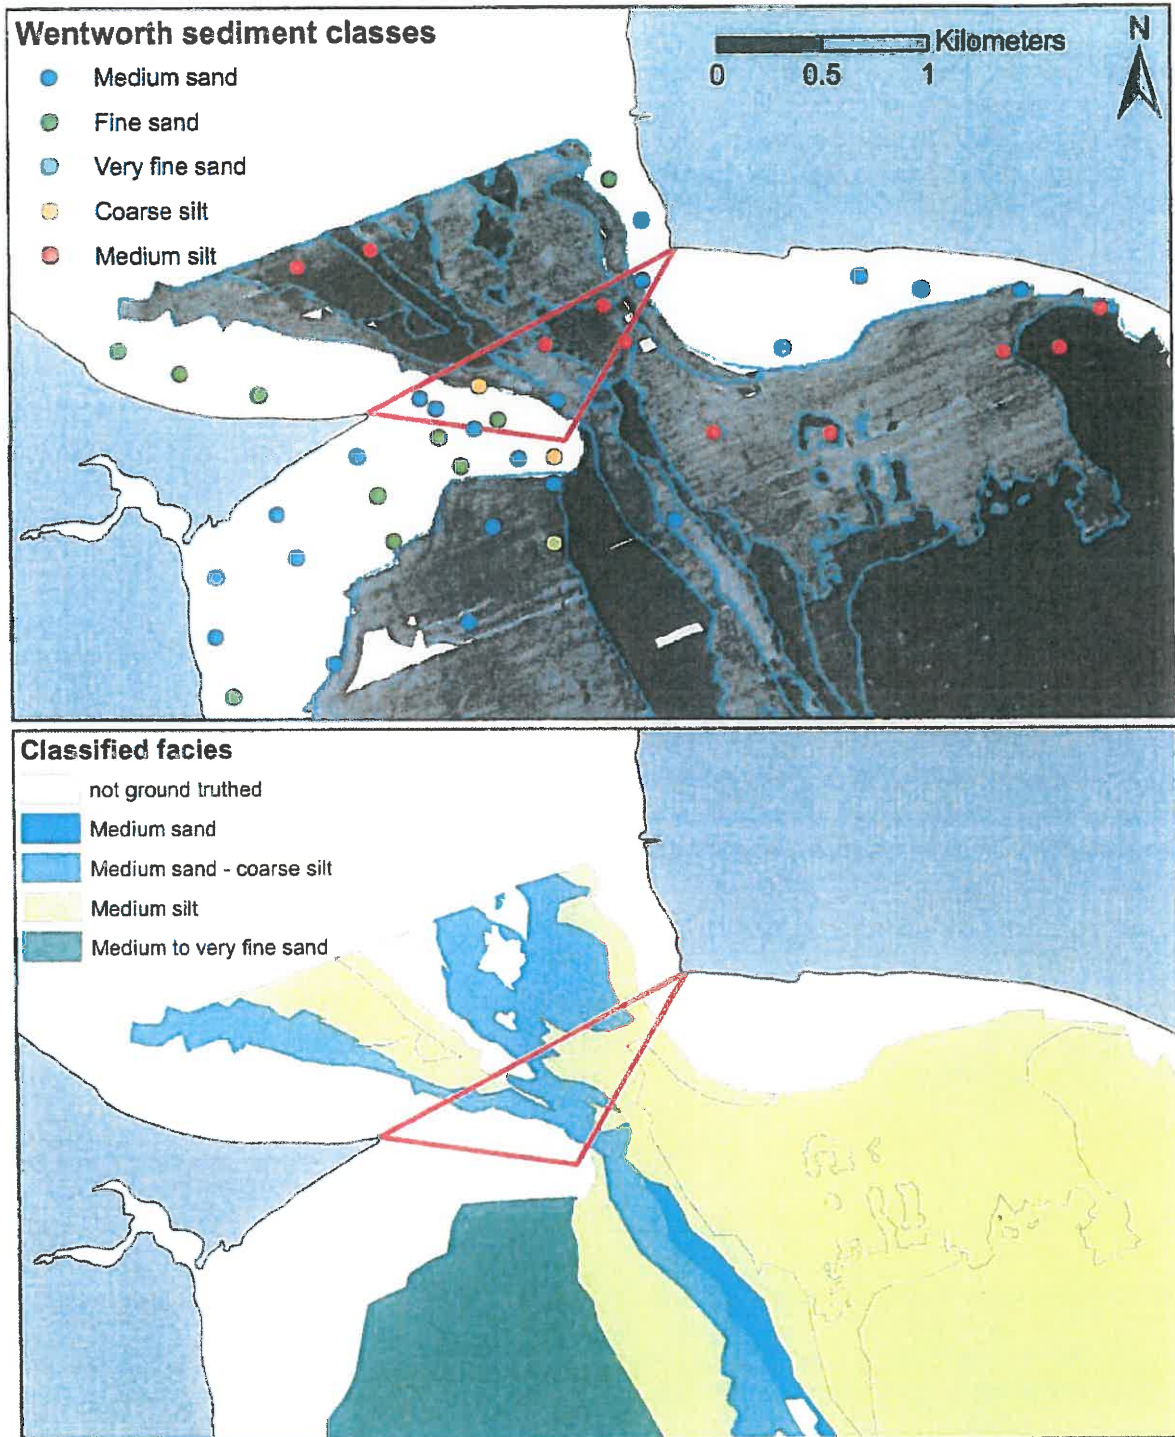

Figure 5. The side scan sonar mosaic with facies boundaries showing the results of the sediment classification for each grab sample (top) and the interpreted classification of the acoustic facies (bottom).

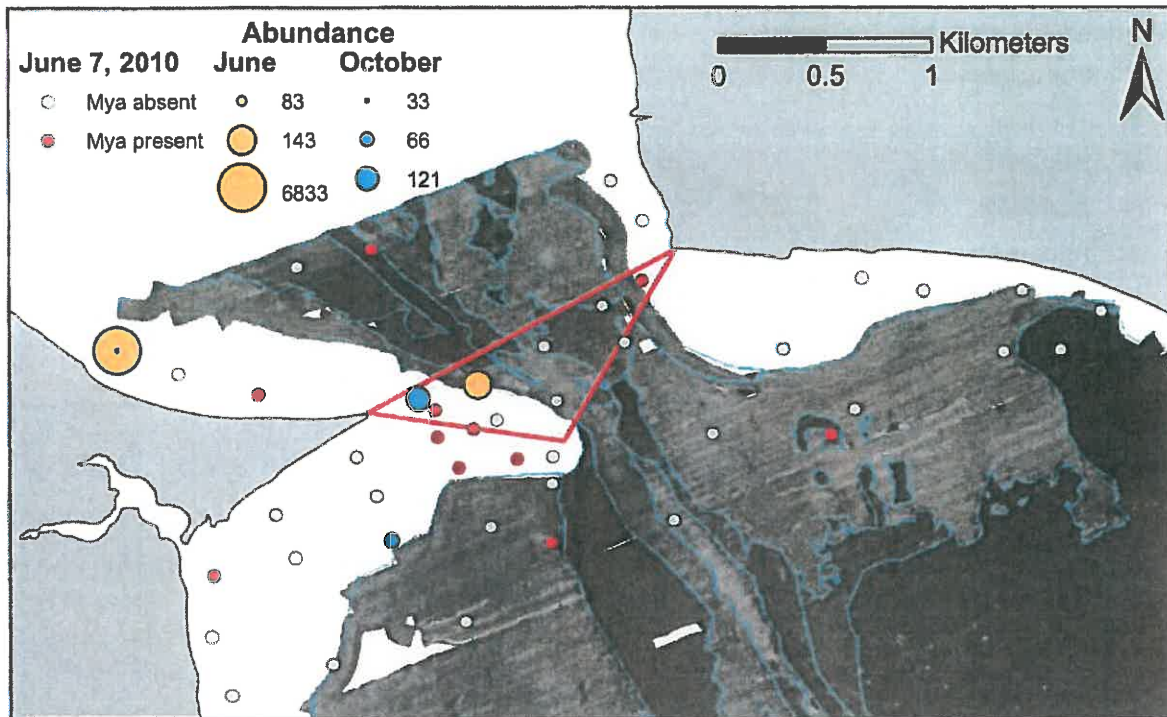

Figure 6. Red and grey dots indicate the presence (red) or absence (grey) of *Mya arenaria* in grab samples collected on June 7, 2010. The size of the orange dots indicates the abundance of *M. arenaria* as quantified in the grab samples taken on June 7; the size of the blue dots indicates the abundance of *M. arenaria* as quantified in the grab samples taken in October.
