PUBLIC NOTICE

Pursuant to the Federal requirements of the Coastal Zone Management Act (CZMA) at 16 USC § 1455(e) and 15 C.F.R. Part 923, Subpart H, the Rhode Island Coastal Resources Management Council (CRMC) has submitted to the National Oceanic and Atmospheric Administration (NOAA) Office for Coastal Management (OCM) proposed changes to the Federally-approved Rhode Island Coastal Resources Management Program (CRMP). The CRMC is requesting concurrence of OCM as a Program Change to the CRMP the incorporation of previously adopted and effective amendments to the CRMC's existing **Red Book**. NOAA has previously approved earlier amendments to the Red Book (RI-2013-1, RI-2013-3, RI-2014-1 and RI-2015-1), which have since been formatted into the uniform Rhode Island Code of Regulations (RICR) as 650-RICR-10-00-1.

During 2018 and 2020 the CRMC adopted amendments to the Red Book that became effective state regulations on December 16, 2018 and May 13, 2020. These regulations have also been formatted for compliance with Rhode Island state law and the RICR. The CRMC Red Book amendments, now effective, since the last NOAA program change approvals are shown in track-changes in the State's submission document to NOAA. The CRMC's concurrence request of NOAA is to approve the incorporation of the currently amended and effective RICR-formatted Red Book (650-RICR-20-00-1) into the CRMP.

The NOAA OCM is reviewing this request for concurrence in the determination that the CRMC's proposed change is a Program Change consistent with the CZMA and does not require analysis under the National Environmental Policy Act. The CRMC's filing (RI-2022-6) is available for viewing online at the OCM Program Change web portal: <https://coast.noaa.gov/czmprogramchange/#/public/home>. Public comments may be submitted online at the OCM link above or written comments may be submitted directly to NOAA OCM at the following address:

Joelle Gore, Chief
Stewardship Division
Office of Coastal Management
National Oceanic and Atmospheric Administration
1305 East-West Highway, SSMC4 N/OCM6
Silver Spring, MD 20910

Comments regarding whether the incorporation of the CRMC's requested change into the CRMP qualifies as a Program Change pursuant to 15 C.F.R. § 923.84 will be accepted by OCM for three weeks (21 days) following the date of publication of this notice on **July 21, 2022**. The detailed Program Change request to NOAA OCM is also available on the CRMC web site: www.crmc.ri.gov

Any questions regarding this public notice should be directed to Jeffrey M. Willis, Executive Director, Coastal Resources Management Council, email: jwillis@crm.ri.gov, Telephone: (401)783-3370.
