Wakefield, RI 02879

**RE: Revolution Wind Project**  
**Application CRMC File No. 2021-07-005**

To Whom It May Concern:

I am in-house counsel for PPL Services Corporation, and I am submitting this letter on behalf of the Narragansett Electric Company (TNEC), a subsidiary of PPL Corporation. TNEC is submitting this letter with respect to the Category B application filing referenced above by Revolution Wind, LLC (Revolution Wind) with the Coastal Resources Management Council (CRMC) related to the proposed construction and operation of two 23-Mile Submarine Export Cables through the West Passage of Narragansett Bay to the Cable Landing Location in North Kingstown and Other Associated Facilities.

TNEC is sending this letter to CRMC to acknowledge that, although final negotiations regarding certain details are on-going, TNEC will provide Revolution Wind with the land rights needed for the above-identified application, consistent with Energy Facility Siting Board (EFSB) Order No. 154, issued in *In re: Revolution Wind, LLC Application to Construct a Major Energy Facility, Docket No. S.B. 2021-01*. Specifically, these land rights are for the routing of the cable along the area referred to as the "Davisville access road" and a short portion of nearby TNEC land, consistent with TNEC and Revolution Wind's "agreement to move the location of the underground cable from camp Avenue to the Access Road" referenced in the EFSB's approval order.

Thank you for your time and attention.

Sincerely,

A handwritten signature in blue ink, appearing to be "RJ", is written over a large, loopy blue circular scribble. Below the signature, the name "Ronald J. Reybitz" is printed in a black, sans-serif font.
