Re: **CRMC File No. 2023-08-084 TSL, LLC; RIDEM Water Quality Certification Number 24-008**
– Installation of a berthing facility and expansion of existing marina for the mooring of a pool boat
for recreational purposes.

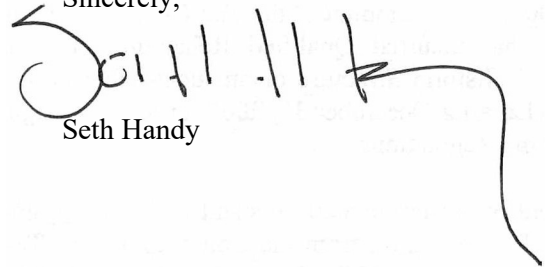

Dear Mr. Willis,

We have enclosed additional materials that were copied to CRMC on December 18, 2023, in association with TSL, LLC's filing with the RI Historic Preservation and Heritage Commission on this project. The applicant may use these additional materials at the CRMC hearing on this application.

In addition, TSL, LLC agrees to revise its storm response proposal filed with CRMC on November 7, 2024, to require removal of the pool boat from the water in the event of any tropical storm or hurricane that is forecasted to impact Bristol Harbor.

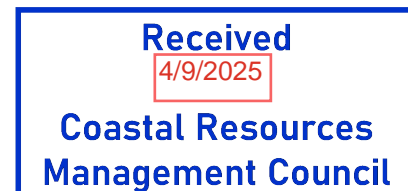

Thank you.

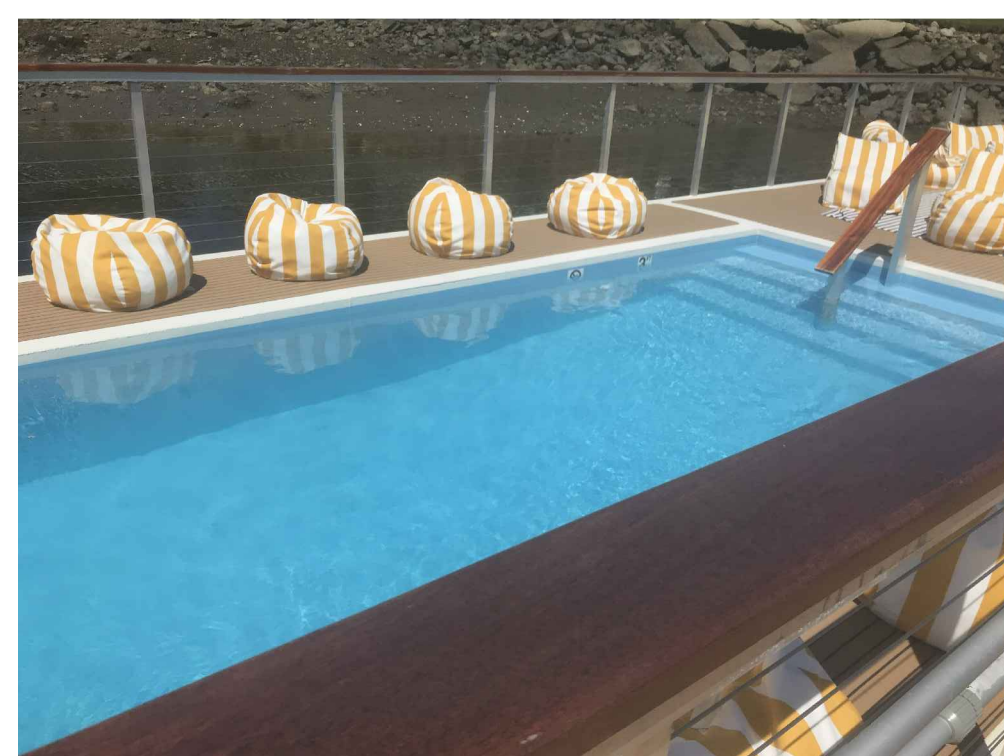

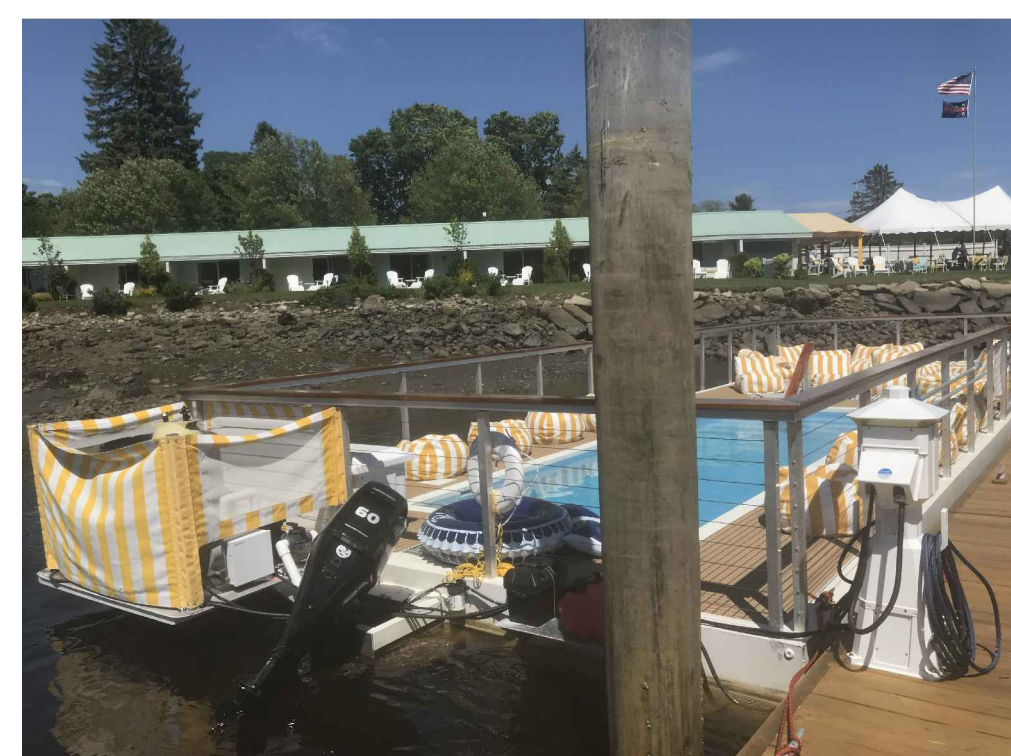

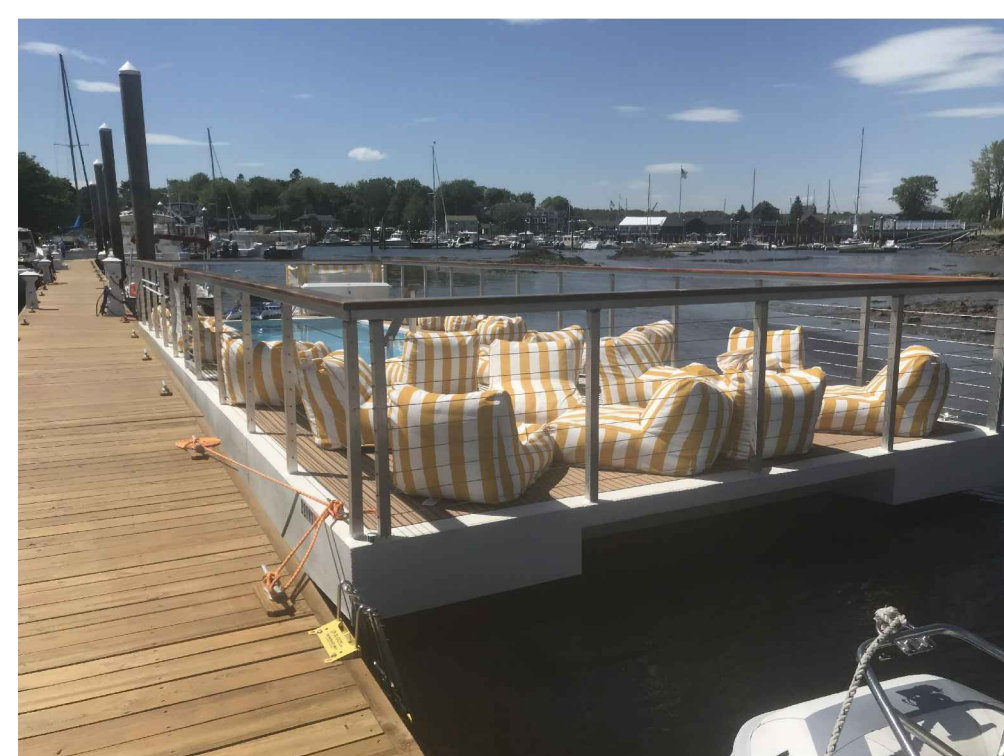

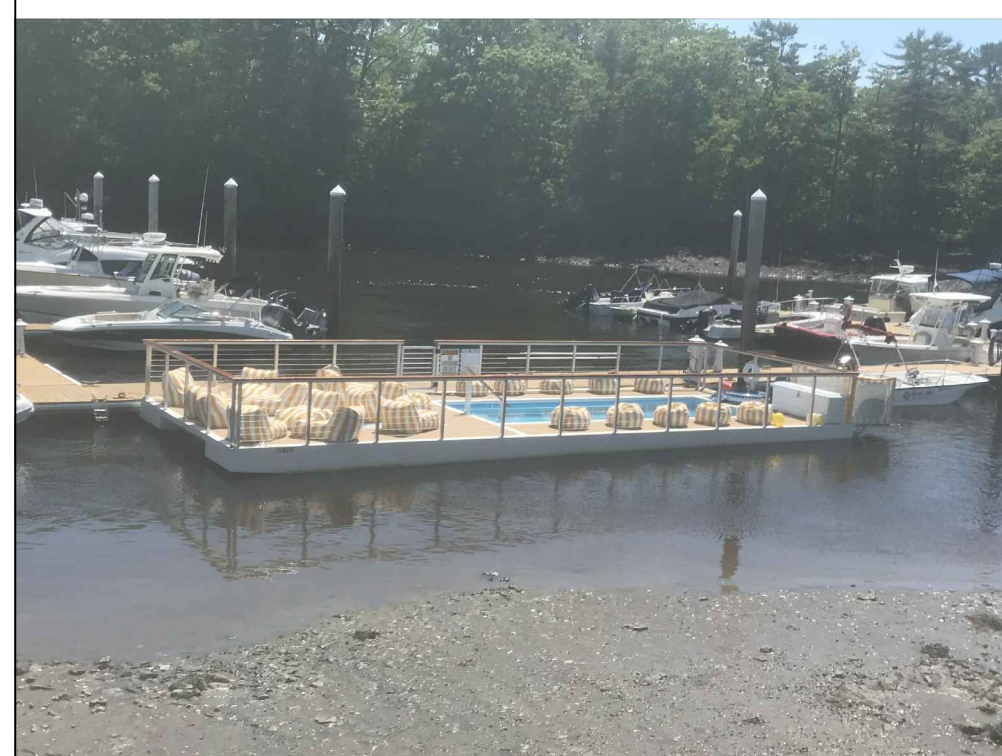

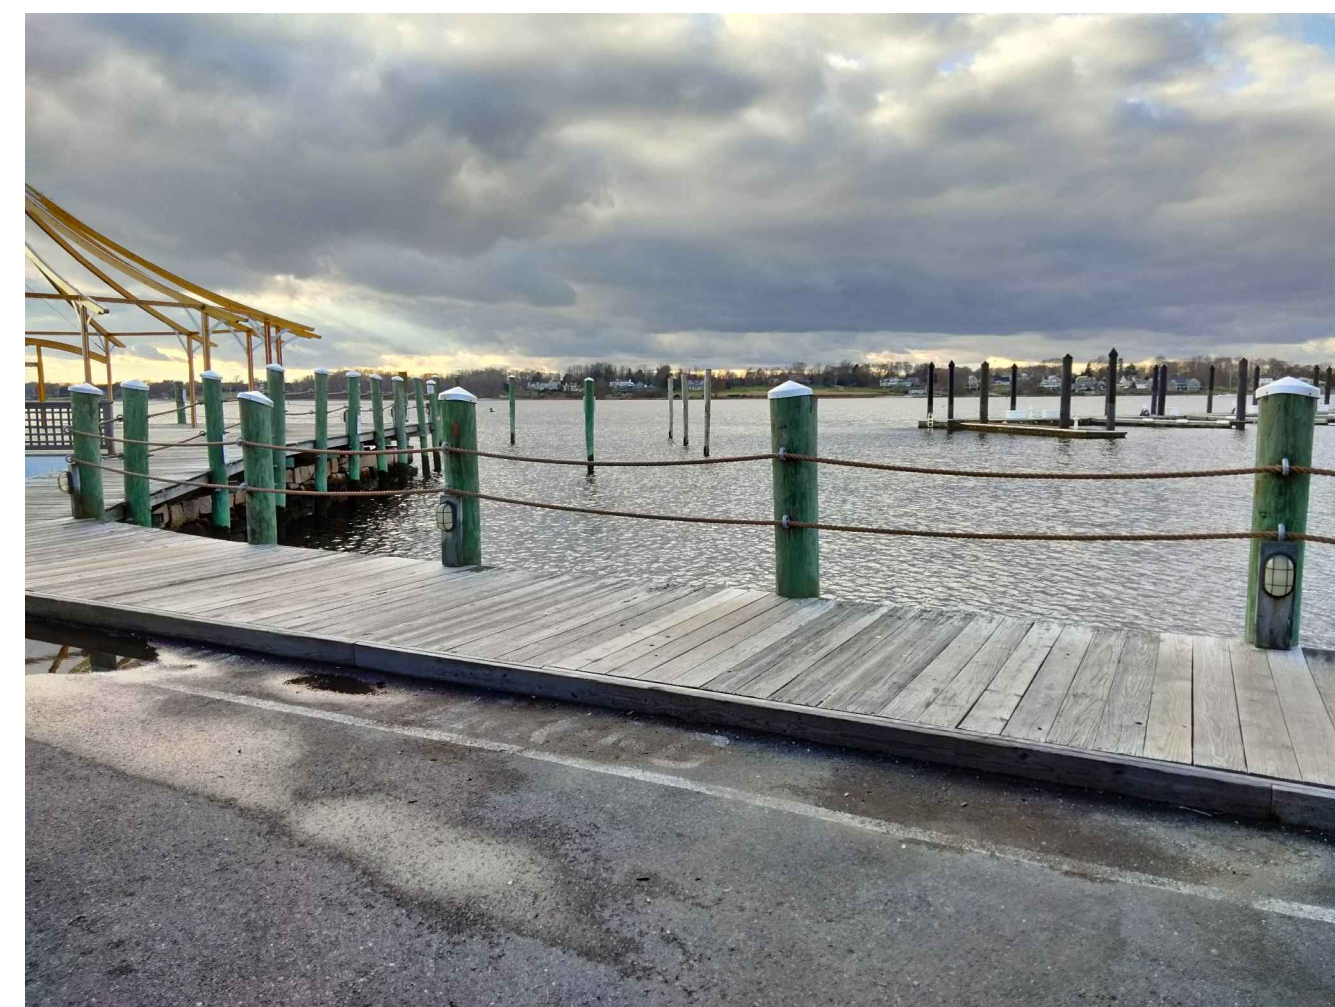

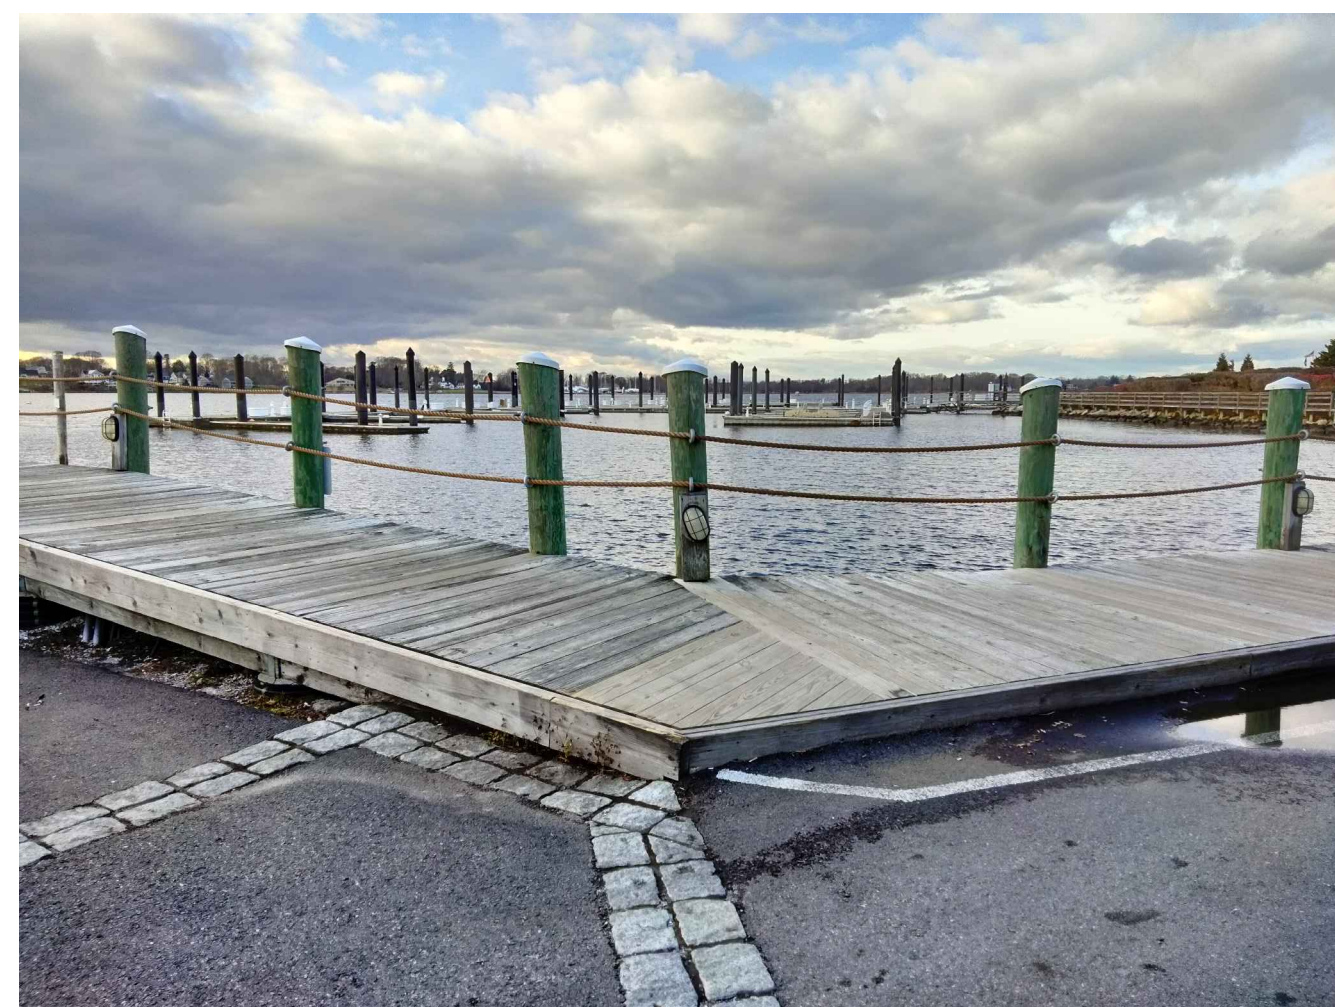

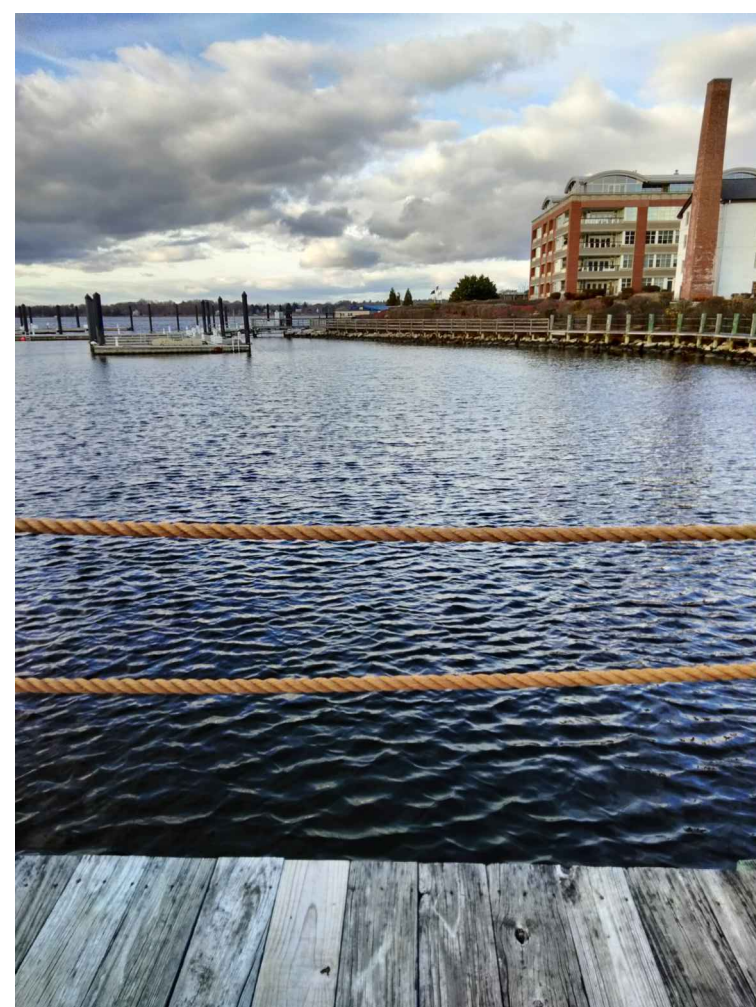

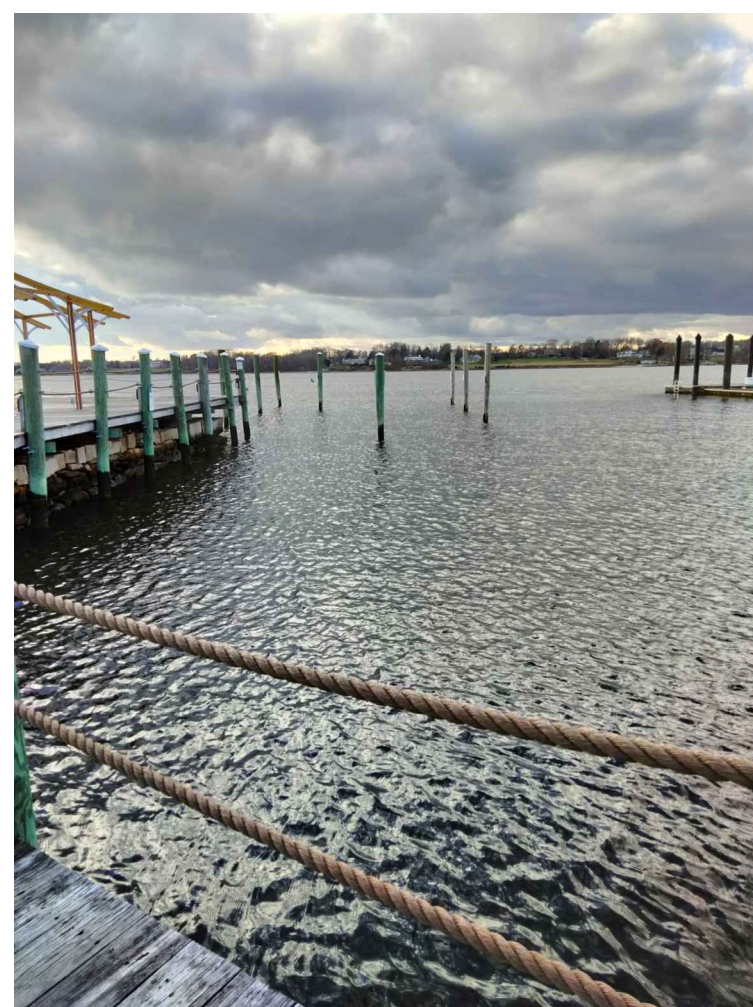

Sincerely,
